Fly No More II provides effective flying insect control automatically. A predetermined amount of metered Pyrethrin insecticide provides insect control and can be delivered at 15 minute intervals when used with the Aero Station cabinet. This system provides consistent control and elimination of flies, mosquitoes, gnats and small flying moths, automatically up to 24 hours a day. Read label for detailed instructions.

Fly No More II is a metered aerosol insecticide ideal for use in the Aero Station cabinet. Simply place Fly No More II in the Aero Station cabinet and enjoy around-the-clock pest control. This metered aerosol provides 3,000 controlled bursts and will last approximately 30 days.

- Metered aerosol insecticide
- Kills flies, mosquitoes, and many more flying insects
- Convenient cabinet dispenser
- Automatic, controlled release
- Industrial, institutional and commercial use
- Treats 6,000 cubic feet of space

Kills:
- Flies
- Mosquitoes
- Gnats
- Small Flying Moths

Use in:
- Factories
- Hotels/Motels
- Restaurants
- Hospitals
- Schools
- Ships
- Clubs
- Stores
**FIRST AID**

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING—KEEP OUT OF REACH OF CHILDREN**
