Introducing the **POWERHOUSE PUNCH**

of Parts Cleaning Technology

The **MIGHTY BOY**

**BENCH TOP PARTS WASHER & HD EMULSIFYING DEGREASER**

We’ve all seen it – you walk into a street department or factory and sitting on a drum is a large metal parts washer. Using solvent-based degreasers, this mammoth piece of equipment is not only expensive to maintain, but uses chemicals that go to hazardous materials landfills.

**Continental Research has come up with the solution – the Mighty Boy!**

The Mighty Boy Parts Washer uses cleaning chemistry that’s safe for the environment and unmatched in aqueous cleaning performance. The system is made up of 2 components, the portable The Mighty Boy Bench Top Parts Washer and The Mighty Boy HD Emulsifying Degreaser made especially to work with the Washer. It is affordable for the small shops, but also a great tool for larger factories when they need onsite cleaning in the middle of a job that is not near their stationary washer. And because the Might Boy Degreaser is water-based, it is safe to use and simple to dispose of after use. Plus, as a dilutable emulsifying degreaser it can be used outside of the parts washer for cleaning and degreasing all over your facilities, factories, and on service vehicles. Having the right parts washing technology is critical to the success of your operation and to the protection of the environment.

The silver-lining of the Continental Research Mighty Boy system is the deal. Buy just 20, 24 or 35 gallons of the The Mighty Boy HD Emulsifying Degreaser and we’ll give you the The Mighty Boy Bench Top Parts Washer for FREE! After that you only have to buy how much you need when you need it! Use a little or use a lot; it’s up to you!
SAFE FOR THE ENVIRONMENT & UNMATCHED IN AQUEOUS CLEANING PERFORMANCE

GREAT FOR USE AT

• Mechanic Shops
• Automotive Garages
• Bus Barns
• Public Works
• Factories
• Warehouses
• Industrial Plants
• Military Bases
• Processing Plants
• Wastewater Treatment Facilities
• School Maintenance Departments
• Hospitals
• Fire Departments
GET IT CLEAN

THE RESULTS SPEAK FOR THEMSELVES

The Process is Simple

1. Open the Mighty Boy Bench Top Parts Washer.
2. Add Mighty Boy HD Emulsifying Degreaser.
3. Add water per the dilution ratio that fits your job.
4. Connect to A/C power source and turn on washer.
5. Using circulation and brush, thoroughly clean the part.
6. Part comes out looking like new!

EFFECTIVE AGAINST THE TOUGHEST
HEAVY DIRT, GREASE, GRIME, OIL,
SCUFFS, POLISH, FOOD DEPOSITS,
ADHESIVES, STAINS, & SOILS
The Mighty Boy Bench Top Parts Washer

Put it on a cart & you have a Parts Washer On-The-Go!

**Specifications:**
- Dimensions: 25” x 18.5” x 9.8”
- Height with hood open: 25”
- Empty Weight: 11 lbs.
- Max Weight: 110 lbs.
- Liquid Capacity: 4 Gallons

**Instructions:**
1. Fill through the drain plug on the end of the unit. Always disconnect the power supply when filling or emptying.
2. Connect the power cord into a standard 110 outlet with ground. Circulation and brush are activated when the machine is switched on.
3. Do not operate dry or damage to the pump may occur.
4. To move Mighty Boy Bench Top Parts Washer, ensure drain plug is in place. Turn off the unit and unplug power cord. Lift up the unit via hand grips on each side. Keep flat during transport. Do not move while in operation.

Use with the Mighty Boy Parts Washer Cart
- 330 lb maximum capacity, evenly distributed load
- 16” x 30”
- Includes 5” non-marking casters
- Cart weighs 31 lbs

The Mighty Boy HD Emulsifying Degreaser

**Features:**
- Water-based formula is safe for the user and the environment: Non-hazardous, non-toxic, non-flammable, biodegradable, and does not require special disposal.
- Contains corrosion inhibitors: Help protect ferrous and non-ferrous metals from rust and pitting.
- Can be used on virtually any surface: Metal, Plastic, Rubber, Painted Surfaces, Fiberglass, Fabrics, Carpet, Ceramic, Tile, & Glass
- Effective against the toughest mess: Heavy Dirt, Grease, Grime, Oil, Scuffs, Polish, Food Deposits, Adhesives, Stains, & Soils
- Deodorizers as it cleans: Leaves surfaces smelling fresh with a pleasant fragrance

**Formulated With:**
- SODIUM HYDROXIDE & SODIUM METASILICATE

**Boosting the Reserve Cleaning Alkalinity and Working in Synergy with Advance Surfactants to Dissolve Dirt, Grease, Oil, & Other Contaminants**
# MIGHTY BOY IS BETTER

**COMPARE WITH TRADITIONAL PARTS WASHERS & IT IS EASY TO SEE WHY MIGHTY BOY BEATS THE COMPETITION**

**AFTER PARTS ARE CLEANED, PROTECT SURFACES WITH ANY OF OUR HIGH-QUALITY CONTINENTAL RESEARCH PRODUCTS**

- Inhibitaur® Rust Blocker
- Inhibitaur® Rust Suffocator
- Inhibitaur® Liquid Rust Converter
- Inhibitaur® Steel Deck Stainless Steel Coating
- Etch Metal Etch Agent & Rust Inhibitor
- Inhibitaur® High Solids Paint Premium Industrial Coatings
The Mighty Boy HD Emulsifying Degreaser with corrosion inhibitors is a powerful cleaner-degreaser that uses cleaning chemistry that's safer for workers, safe for the environment and unmatched in aqueous cleaning performance!

**FOR USE SPECIFICALLY WITH THE MIGHTY BOY BENCH TOP PARTS WASHER.**

Two great components working in synergy.

**THE ONLY CLEANER-DEGREASER YOU WILL EVER NEED.** Dilute for use outside the Mighty Boy Parts Washer all over your facilities, factories, and on service vehicles.

**DILUTE & USE FOR TRADITIONAL DEGREASING** of floors, vehicles, and equipment.

**WATER-BASED FORMULA IS SAFE FOR THE USER AND THE ENVIRONMENT.** Non-toxic, non-hazardous, non-flammable, and does not require special disposal.

**FORMULATED WITH SODIUM HYDROXIDE & SODIUM METASILICATE** which boost the reserve cleaning alkalinity and work in synergy with advanced surfactants to dissolve dirt, grease, oil, & other contaminants.

**CONTAINS CORROSION INHIBITORS** that help protect ferrous and non-ferrous metals from rust and pitting.

**CAN BE USED ON VIRTUALLY ANY SURFACE** - Metal, Plastic, Rubber, Painted Surfaces, Fiberglass, Fabrics, Carpet, Ceramic, Tile, & Glass

**DEODORIZES AS IT Cleans.** Leaves surfaces smelling fresh with a pleasant fragrance.

**GREAT FOR USE AT** Mechanic Shops, Automotive Garages, Bus Barns, School Maintenance Departments, Public Works, Hospitals, Factories, Fire Departments, Wastewater Treatment Facilities, Industrial Plants, Military Bases, Processing Plants, and Warehouses.

---

**MIGHTY BOY HD EMULSIFYING DEGREASER IS A VERSATILE PRODUCT WHICH CAN BE DILUTED AS NEEDED TO FIT YOUR JOB!**

| HEAVY-DUTY | 1 Part | 3-4 Parts (32oz/gal) |
| MEDIUM-DUTY | 1 Part | 6-12 Parts (16oz/gal) |
| LIGHT-DUTY | 1 Part | 12-20 Parts (5oz/gal) |

**FOR USE WITH MIGHTY BOY PARTS WASHER**

Pour Mighty Boy HD Emulsifying Degreaser into the parts washer using the dilution chart. Agitate and brush with Mighty Boy Parts Washer. Rinse with water to remove all residue.

**FOR ALL OTHER CLEANING & DEGREASING NEEDS**

Dilute as shown above, spray onto surface, and wipe clean.

**WARNING:** Causes skin irritation. Causes serious eye irritation. Wash thoroughly after handling. Wear eye protection, protective clothing, protective gloves. Take off contaminated clothing and wash before reuse.

**DISPOSAL:** Offer empty container for recycling. If recycling is not available, discard container in trash.
